

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite and felt my vitality wearing out. I was weak, irritable and tired. My weight was reduced to 160 lbs. In fact I was no good on earth."

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 19-year-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle my weight increased to 170 lbs. The sensation in my legs was gone; my nerves steadied completely; my memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine. I assure you."

Angus, Mo. WALTER R. BURMAN.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 25¢ a bottle for 5¢, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

A Nice Way to Preserve Pears.

From the New York World.

Here is a particularly nice recipe for preserving pears. Pare the fruit and drop it into cold water to prevent from becoming discolored. When all the fruit is pared weigh it. Put the parings into a preserving kettle or some other kettle, over which a steamer can be placed. Add to the parings three pints of water for every four pounds of fruit. When the water begins to boil put on the steamer, which should contain enough pears to cover the bottom. Watch the fruit, and as soon as it becomes tender take it up and put in a fresh supply. When all the pears have been cooked, take off the steamer and strain the liquor from the parings. To each quart add one pint of sugar. Put on the fire in the preserving kettle, and when it begins to boil skim carefully. Now add the pears and simmer for 20 minutes. Put the fruit in glass jars and cover with hot syrup. Close the jars at once. A small piece of ginger root in each jar adds flavor to the fruit. The Flemish Beauties or Sheldons are the best pears to use.

WHAT THE CROSS SYMBOLIZED

Christ's cross is a standard of service.

The altar of sacrifice, with its offering of submission, becomes the standard of divine service. Sacrifice for others and submission to God's will are the elements of Christian service which are symbolized in the cross. To live selfish, thoughtless lives, disregarding of the needs of the world, caring for our own things and not for the good of others, is to live far from Calvary's cross. Selfishness has no place in Christian service, for selfishness disowns the cross. Submission to God's will in doing or in bearing is highest Christian service. The cross is the symbol of the highest service that we can render to God.—Christian Intelligencer

COTTON, wool, silk or mixed goods can be dyed at the same time, in the same kettle with the Putnam Fadeless Dyes. Each package colors everything and colors from one-third to a half more than any other dye. Sold by W. C. Gaston.

It won't cost anything to ask the dealer to show you the BUCKSKIN BREECHES. Look them over—look at the double seams, and how the buttons are fastened. If they are all right so far pick your size and try them on. You can find a fit. After all this don't you think they'd be pretty good pants to work in? You'll find out about the wear part when you've worn them for months.

The remainder of my stock of spring and summer hats must go regardless of cost. Come early and get choice. Mrs. C. P. VANDIVER.

It is generally supposed that banks whether national or private are money making institutions, but from the frequent bank failures reported now-a-days, a modification of the money-making idea would seem to be in order. Reports of bank failures indicate that the worst enemies to banks are the officials that handle the funds. If they would be content to draw their salaries, which are generally liberal enough to afford them a comfortable living, and, in addition to lay something by for old age and a rainy day, there would be fewer bank failures. Opportunities that come in the way of bank officials, who have an inordinate desire for gain, without rendering a just equivalent, present too strong a temptation. Other people's money is used for speculation, that, contrary to expectations, brings a loss instead of gain. After while an accounting is demanded, and the bank unable to meet its obligations, goes to the wall, and men, women and children whose confidence has been abused are reduced from affluence to penury and want. A rigid enforcement of the law against the offenders is the only remedy for this bank-looting mania by bank officials.

IS MARRIAGE A FAILURE?

"I am about to be married," writes a girl to this office; "and instead of receiving congratulation I am aware that I need a defense, and take this means of making it. I am 27 years old—old enough to know better, and do better, but I have no choice. The man is a widower, with one child. He liked his first wife better than he likes me, and I liked a man years ago better than I like him, so we are quits on that. He wants a house-keeper; I want a home. I was brought up to sing a little and play a little, but have no trade. My parents will be glad to see me settled. I would be happier earning \$5 or \$6 a week, and taking care of myself, but I was not taught how. There are thousands of women in my position. Every man who brings up his daughters without starting them with the means of earning a livelihood, is responsible for just such mistakes as I shall make next month."—Atchison Globe.

The war between Spain and Cuba continues, seemingly favorable to the Cubans. It is said that out of the 54,000 Spanish soldiers that have been landed in Cuba, not more than half are in active service, the other half having been killed in battle, died of yellow fever, or are now sick in hospitals. The battles that have been fought have generally resulted victoriously to the Cubans, but reports are conflicting and it is difficult to tell the exact condition of affairs there.

Here is something that is worth \$5 to every farmer in the land to know: Sprinkle a little stone lime in your stock tank and not a particle of scum will form on the water. When the lime loses its strength and scum begins to form, which may be twice during the season, wash out the tank and repeat the dose. It is cheap, not only harmless, but wholesome, keeps the water clean and saves work. —Burlington Junction Post.

HERE is a new little girl's composition on woman, says the Philadelphia Times: "Boys are men that have not got as big as their papas, and girls are women that will be ladies by and by. Man was made before woman. When God looked at Adam He said to himself: 'Well, I think I can do better if I try again.' And he made Eve. Boys are a trouble. They wear out everything but soap. If I had my way the world would be girls and the rest dolls. My papa is so nice that I think he must have been a little girl when he was a little boy. Man was made, and on the seventh day he rested. Woman was then made and she has never rested since."

It Soaks Into the Flesh

right down through the fevered parts to where the inflammation is rooted. That is why Mustang Liniment "cures all aches and pains of man or beast." If it evaporated or remained on the skin it could not cure. That is why volatile extracts fail. They can't go down through the inflamed parts.

Mustang Liniment

owes its success to its power of penetration. There is nothing marvelous about its curative powers. It is simply a few common sense ingredients combined in a way to make penetration possible and insure a cure.

Mustang Liniment has been used for one-half a century.

Is spent annually for tobacco. Thousands of men die every year from that dreadful disease, Cancer of the Stomach, brought on by the use of Tobacco.

The use of tobacco is injurious to the nervous system, promotes heart troubles, affects the eyesight, injures the voice, and makes your presence obnoxious to those clean and pure from such a filthy habit.

Do You Use Tobacco?

If you do, we know you would like to quit the habit, and we want to assist you, and will, if you say the word.

How Can We Help You? Why, by inducing you to purchase a box of Colli's Tobacco Antidote, which is a preparation compounded strictly of herbs and roots, which is a tonic to the system; also cures the Tobacco Habit and knocks Cigarettes silly.

How Do We Know It Will Cure You? First, by its thousands and thousands of cures; Second, by the increased demand for it from the most reputable wholesale houses; Third, we know what it is composed of, and that the preparation will clean the system of nicotine, and will cancel all errors of the past.

Your Druggist Has Colli for sale. If he has not ask him to get it for you. If he tries to palm off something "just as good" insist on having Colli. If he will not order it for you, send us (\$1.00) one dollar, and receive a box of Colli postpaid. Remember, Colli Cures.

In most cases one box affects a cure, but we guarantee 3 boxes to cure any one.

DO YOU WANT TO STOP TOBACCO?

You Can be Cured While Using It.

The habit of using tobacco grows on a man until grave diseased conditions are produced. Tobacco causes cancer of the mouth and stomach; dyspepsia; loss of memory; nervous affections; congestion of the retina, and wasting of the optic nerve, resulting in impairment of vision, even to the extent of blindness; dizziness, or vertigo; tobacco asthma; nightly suffocation; dull pain in region of the heart, followed later by sharp palpitation and weakened pulse, resulting in fatal heart disease. It also causes loss of vitality.

QUIT, BEFORE IT IS TOO LATE.

To quit suddenly is too severe a shock to the system, as tobacco—to an inveterate user, becomes a stimulant that his system continually craves. "BACO-CURO" is a scientific and reliable vegetable remedy, guaranteed to be perfectly harmless, and which has been in use for the last 23 years, having cured thousands of habitual tobacco users—smokers, chewers and snuff-dippers.

YOU CAN USE ALL THE TOBACCO YOU WANT WHILE TAKING "BACO-CURO." IT WILL NOT STOP YOU WHEN TO STOP. WE GIVE A WRITTEN GUARANTEE TO PERMANENTLY CURE ANY CASE WITH THREE BOXES, or refund the money with 10 per cent interest.

"BACO-CURO" is not a substitute, but a reliable and scientific cure, which absolutely destroys the craving for tobacco without the aid of will power, and with no inconvenience. It leaves the system as pure and free from nicotine, as the day you took your first chew or smoke.

Sold by all druggists at \$1 per box; three boxes, (30 days' treatment, and GUARANTEED CURE.) \$2.50, or sent direct upon receipt of price. SEND SIX TWO-CENT STAMPS FOR SAMPLE BOX, BOOKLET AND PROOF FREE. Eureka Chemical & Manufacturing Company, manufacturing chemists, La Crosse, Wisconsin.
